STELLAR

made in Russia

«We produce toys that not only help parents to glad their children by bright and colorful gifts, but also indispensable in the learning process»
The company's founder, director Vladimir Efremenko

Unique experience and knowledge

Since 1994 a team of professional engineers and designers of «Stellar®», working in close collaboration with child psychologists and educators, creating toys that help little explorers of the world to know it in all its diversity, stimulate the imagination, form mental abilities, promote the development of sensory and fine motor skills. All production is own design, including the idea, design, layout, technological preparation and production.

The company today

«Stellar®» is one of three national leaders in the production of plastic toys. Today the assortment of toys produced by the company is more than 450 positions. The company «Stellar®» is widely known as the Russian market, and in the CIS countries. Participates in many exhibitions in Russia and abroad. The company's products received numerous prestigious awards from various organizations conducting research in the field of children's products.

Modern production technologies

Design and construction is conducted on the basis of program complex Pro / ENGINEER® (Parametric Technology Corporation, USA) - a specialized system for solving engineering design and manufacturing. In the production of components for toys made of plastic uses a unique high-precision and high-speed tool designed and manufactured by our experts.

Feedback

The full cycle of development and production of «Stellar®» allows to respond flexibly to customer reviews and make adjustments in the process of making toys at any stage, make relevant changes based on current trends. So, constantly in sight is a consumer request for a toy that would not only fashionable and entertaining, but also spiritual.

Production

In this catalog, along with toys that have already found their fans, you are offered a new series fun animals push-along and push-and-go toys, a series of music toys, new logical sorters, pegtops merry-go-round etc. We hope that our customers and their children will enjoy of our new toys. With best wishes, company STELLAR.
